

The Financial Conduct Authority (FCA)

The FCA is a financial services regulator. It requires us, Sainsbury's Bank, to give you this important information to help you decide whether our Cash ISA is right for you. You should read this document carefully so that you understand what you are buying, and then keep it safe for future reference.

What is a Cash ISA account (ISA)?

- An ISA is a tax efficient way to save. It was introduced by the Government to encourage more of us to save our money. ISAs receive favourable tax treatment from the Government as any interest you receive is exempt from personal liability to UK Income Tax and Capital Gains Tax. ISAs are subject to change at any time by the Government.
- There are three types of ISA: a Cash ISA, a Stocks & Shares ISA and an Innovative Finance ISA. However, Sainsbury's Bank only offers a Cash ISA.
- The current annual ISA limits allow individuals to save £15,240 in a tax year. This can be saved in a Cash ISA, a Stocks & Shares ISA, an Innovative Finance ISA or a combination of the three.
- When you pay money into an ISA account, this is known as a "subscription".
- You can only subscribe to one Cash ISA, one Stocks & Shares ISA and one Innovative Finance ISA in a tax year.
