7. Who will deal with my claim?

Your claim will be allocated to one of our claims handling teams. Their telephone number is shown on the letter accompanying this sheet.

8. Will you keep me informed of the progress of my claim?

Yes, the claim handlers will review your claim at regular intervals and will contact you when necessary. If you have any questions about the progress of the repairs or the courtesy car while your car is being repaired by one of our recommended repairers, please call the repairer in the first instance.

Please see the answer to Question 1 for details of the likely timescale for settling your claim.

9. Will I have to pay anything towards the cost of the claim?

Usually, you will have to pay the excess shown in your Schedule. If your vehicle is repaired, please pay the excess

to the repairer. If it is written off or stolen and not recovered we will deduct the excess from any payment we make to you. If you are not responsible for the accident and you have motoring legal protection cover, we will seek to recover the excess for you.

If we believe that you were not at fault for the accident and you satisfy all of the following criteria, we may waive the excess so you don't have to pay it:

- a) You have agreed to use one of our recommended repairers
- b) You have full details of the other party involved including their registration number
- c) We have confirmed the other party's insurance details.

10. Can I use my own repairer?

Yes. If you choose to use your own repairer rather than one of our recommended repairers, they will need to send us a repair estimate which must include all prices for paint, materials and labour and a list of parts. Our engineers will then liaise with them to agree and authorise the repairs within 5 working days.

Please ask the repairer to send the estimate to us, if possible, via Audatex (the repairer estimating system) along with images of the damaged areas. If the repairer does not have Audatex, please ask them to fax it to us on 0161 830 8084. Please note that if you choose to use your own repairer:

- a) You will not receive a courtesy car unless this is agreed directly between you and your repairer
- b) The repairs, unlike those carried out by one of our recommended repairers, will not be guaranteed for 5 years - unless your own repairer offers this
- c) The repairer, unlike our recommended repairers, is not contractually obliged to provide a specific level of service to you
- d) We will not be able to assist you with any aftercare issues.

11. When will my car be repaired?

a. If you choose to use one of our recommended repairers, we will arrange for the collection and repair of the vehicle. If your car is not driveable, it will be collected as soon as possible. If it is driveable, it will be booked in for assessment. Once we have an estimate of the cost of the repairs, we will authorise the repairs and then the repairer will let you know when your car will be repaired. When the repairs are completed, the repairer will contact you to arrange the delivery or collection of the car.

b. If you choose to use your own repairer, they will need to send us a repair estimate which must include all prices for paint, materials and labour and a list of parts. Our engineers will then liaise with your repairer to agree and authorise the repairs within 5 working days.

Please ask the repairer to send the estimate to us, if possible, via Audatex (the repairer estimating system) along with images of the damaged areas. If the repairer does not have Audatex, please ask them to fax it to us on 0161 830 8084.

12. Do I need to let you know when I have arranged a date with the repairer?

No. If you are using one of our recommended repairers, they will notify us. If you are using your own repairer, it is a matter between you and your repairer.

13. Will the repairer collect my car and deliver it back to me?

If you use one of our recommended repairers, the repairer can collect your car and deliver it back to you free of charge. If you are using your own repairer, you will need to check with them.

14. How will I know when my car has been repaired?

The repairer mending your car will contact you to arrange the return of your car once the repairs are completed. If you have any questions about the progress of the repairs or the courtesy car, please call the repairer in the first instance.

15. Will the repairs to my car be guaranteed?

If you use one of our recommended repairers, all the repairs (including paintwork) are guaranteed for five years. This does not affect your statutory rights. If you use your own repairer, you will need to check with them.

16. What happens if I am not happy with the repairs to my car?

Initially please contact the repairer who carried out the repairs to your car. If you are still not satisfied, please contact our claims handling team on the telephone number shown on the letter accompanying this sheet.

17. When is my car considered to be 'not driveable'?

Your car is considered 'not driveable' if it cannot be lawfully driven on a public highway (e.g. damaged lights / wheels / deployed airbag) or is insecure (e.g. all windows and doors cannot be closed and locked).

18. Can I claim for costs that aren't covered by my policy?

If you were not at fault or were only partially at fault for the accident, you may be able to recover some expenses from the person responsible or their insurers. You should keep receipts for all items such as policy excess, hire car costs, taxi costs and accommodation, as these will be needed to provide evidence of your claim. If you have motoring legal protection, our claims handlers will negotiate with the other party's insurer to recover your costs on your behalf and will remain in contact with you during the period of negotiation. It may take up to 6 months to reach agreement with the other party's insurer.
